Clean air, clean water and waste reduction are not only important locally, but globally too. Your generous donation will make a world of difference.

The Bronx Council for Environmental Quality (BCEQ) is a non-profit 501(c)3 membership organization; your donation is tax-deductible. Formed in 1971, the founders believed in the mission that local community exchanges could work toward creating: "an aesthetic and unpolluted environment, with a natural and historic heritage."
